

# THE POWER OF VISION

vadatech<sup>inc</sup>

**VadaTech** is a board level design and manufacturing company providing quick-turn designs for the embedded market focused on ATCA, MicroTCA and AMC. We dedicate ourselves to introducing leading edge technology for the most demanding applications, and we differentiate ourselves with our extraordinary capability to rapidly create new designs in response to complex customer requirements.

**Products**

- We offer products in a diverse range of form factors, including:
- Advanced Telecom Computing
  - Architecture (AdvancedTCA/ATCA)
  - Advanced Mezzanine Card (AdvancedMC/AMC)
  - MicroTCA
  - Compact PCI Express (cPCIe)
  - VMEbus Switched Serial (VXS) XMC, PCI, PCIe, PCI-X
  - Custom form factors

**When and How VadaTech Was Founded**

VadaTech was founded in 2004, with headquarters in Henderson Nevada, as the brain-child of Saeed Karamooz, an engineer and entrepreneur with over 25 years of experience in leading innovation at high technology companies.

Prior to VadaTech, Saeed was the CTO of GE Fanuc Embedded Systems Group, where he was responsible for the innovation, development and manufacturing of embedded computing products.

Saeed was also the founder and CEO of RAMiX Inc, where he was responsible for all aspects of operations, including hardware product design, sales, finance and administration. VadaTech, although a relative new-comer to the embedded computer marketplace, has behind it the brains and drive of experienced developers and engineers; filling a unique niche in the custom design space.

**Product Categories**

- Analog to Digital
- ATCA/MicroTCA Infrastructure
- Carriers
- Digital I/O
- Ethernet
- Graphics
- I/O Expansion
- Multi-Purpose
- Serial
- Storage
- Switches

We dedicate ourselves to introducing leading edge technology for the most demanding applications

THE POWER OF VISION

## Partnerships and Trade Associations

VadaTech partners with other companies in the technology industry and is a member of a number of trade groups. Those organizations with whom we are affiliated are listed below:

- Intel
- PICMG
- PCI-SIG
- Emerson
- VITA
- MontaVista
- Cavium
- WindRiver
- DDC

## Certifications We Hold

VadaTech is committed to meeting all customer and regulatory requirements while continually improving our Quality Management system.

- VadaTech is AS9100 Certified
- VadaTech is RoHS Compliant

Our goal is to provide the highest quality design and manufacturing to meet your present and future needs.

## Our Manufacturing Facility

VadaTech's 20,000 square foot manufacturing facility is located in Las Vegas, Nevada. It is equipped with the latest in state-of-the-art equipment to meet your manufacturing needs. This equipment includes Europlacer SMT placement machines, ERSA Hotflow 2/20 ten zone convection ovens, Yestech Automated Optical Inspect machines, as well as

Thermal and Electrodynamic Vibration/Shock equipments. This facility combined with our staff's many years of experience guarantee that the products that are shipped from our company are of the highest quality.

## VadaTech as Your Partner

Along with our current high number of board level products we offer, VadaTech is the only company that offers every key infrastructure component for MicroTCA. These products include a variety of MCHs, Power Modules, Intelligent Fan Controllers, JSMs, Telco Alarm and Chassis. 

*“Partnering with VadaTech will give you the assurance that we completely understand the technology and market, thus allowing you, the customer, to focus on your core competency.”*
